

**The Department is providing information on this course in light of the requirements of Section 207 of the National Flood Insurance Reform Act of 2004 which directed the Federal Emergency Management Agency (FEMA) to work with the insurance industry, state regulators and other interested parties to adopt minimum training requirements for insurance agents selling flood insurance. These seminars satisfy the Illinois requirement for 3 hours of continuing education per 215 ILCS 5/500-35 for those agents selling flood insurance.**

**This program is not run by or sponsored by the Department of Insurance.**

Registration	12:00 pm – 12:30 pm
Seminar	12:30 pm – 3:30 pm

**Both Seminars – Same Day - \$90**

## Flood Insurance Seminar Overview

### Compliance Opportunity!!

In Section 207 of the National Flood Insurance Reform Act of 2004, Congress directed the Federal Emergency Management Agency (FEMA) to work with the insurance industry, state regulators and other interested parties to adopt minimum training requirements for insurance agents selling flood insurance. FEMA published a topical outline in the Federal Register dated September 1, 2005, detailing the minimum course content.

These seminars meet the minimum content in FEMA's outline and have been approved by the Illinois Division of Insurance as course #25007, entitled "FEMA - Flood Insurance Requirement". These seminars satisfy the Illinois requirement for 3 hours of flood insurance training for those agents selling flood insurance.

### What You Will Learn

This seminar provides a series of building blocks, which address not only the most basic flood insurance issues, but some more advanced components as well.

At the conclusion of this seminar, attendees with little or no prior flood insurance experience will understand how to interact with the National Flood Insurance Program and will also comprehend the basics of how to write and rate a flood insurance policy.

This course is approved for 3 hours of Illinois continuing education credit. It also meets Illinois' 3-hour flood insurance requirement.

## FAIR Plan

## Seminar Overview

### Another Great Opportunity!!

Did you know that the Illinois FAIR Plan...

- ☐ Does not surcharge for losses?
- ☐ Does not underwrite credit history?
- ☐ Writes vacant properties if a rehab?
- ☐ Writes previously uninsured properties?
- ☐ Writes commercial properties?
- ☐ Offers an all peril replacement cost Homeowners policy?
- ☐ Can exclude unacceptable exposures?
- ☐ Allows customer to pay online?

If the answer is **no** to any of the above questions, you are a candidate to attend the Illinois FAIR Plan seminar.

Specific topics will include products and services available, how to effectively do business with the Illinois FAIR Plan, underwriting standards, rating and website utilization.

Upon completion of the seminar, the participant will know when the FAIR Plan is the appropriate carrier for a particular property including qualification requirements and how to easily access the FAIR Plan and the FAIR Plan website.

As a bonus, at the close of the seminar there will be a brief review of the **2009 Illinois Seismic Safety Task Force** findings and the resulting insurance implications.

**This course is approved for 3 hours of Illinois continuing education credit.**
